

World Paddle for the Planet Day, 2014

Super excited to announce that his year's "World Paddle for the Planet Day" will be held on September 13th! Once again, paddlers around the World are invited to paddle their craft of any kind to send a "Wave of Change" around the Globe! "Pick a change you want to see in the World, paddle for that change on September 13th, then commit to it until it becomes reality!

In order to send the biggest "Wave of Change" possible around the World, we are asking paddlers to begin their paddle, at 12 noon in your own time zone, this will keep the "Wave of Change" going for a while! We would love you to share your plans with us on our facebook page before and after your paddle! Let us know what changes you are paddling for, you never know who you might inspire to get out there with you!

Bob's paddle is going to be hosted by the Best Western Tin Wis Resort www.tinsresort.com at MacKenzie Beach in Tofino, British Columbia, Canada, and everyone is welcome to join in! This is your chance to get to Tofino, especially if you have never been and always wanted to! The Best Western Tin Wis is located right on MacKenzie Beach, and they are making it really easy to join Bob in Tofino! The normal room rate at this time of year is \$235 a night, "World Paddle for the Planet's" rate, \$159 a night! Just call 1-800-661-9995 and ask for the "Paddle for the Planet" room rate to book your room, tell them Bob sent you! There will be a festival atmosphere created for the day with a variety of art, cultural, musical, and environmental organizations sharing their expertise and knowledge, there might even be a fire on the beach after the paddle!

Last year there were paddles in Abu Dhabi, South America, Puerto Rico, South Korea, Europe, Australia, Hawaii, and all over North America that we know about! Bob has been paddling every day since January 1, 2011 to "Change the Way we live on the Planet", and "World Paddle for the Planet Day" is like a booster shot of change for Mother Earth! Together we can tackle all of the challenges we are facing in the world today, will you join us on September 13th?

Thanks for helping us to send a huge "Wave of Change" around the Planet!
